Continuation of Substance of Interview including description of the general nature of what was discussed:

During the interview, it was noted that claim 5, as presented in the instant amendment after final, was not presented with all of the limitations of the previous amendment of 11/17/2005. Applicant's attorney acknowledged the inadvertent error and agreed to the amendment of claim 5 to include the missing language, specifically, in Claim 5 - line 4, after "heel, " and before the semicolon, the following phrase has been INSERTED: --said heel defining an upper edge and a lower edge, said upper edge and said lower edge being parallel and said heel having a height less than a height of said club head --.
